For Immediate Release:

Recycling Containers Available in Parks

CENTERVILLE, OHIO – July 14, 2009

Thanks to a grant from the Montgomery County Solid Waste District (MCSWD), the Centerville-Washington Park District has purchased thirteen recycling containers. These containers have been placed at the group shelters in the community parks and at the concession areas at Schoolhouse and Oak Grove Parks. The addition of the recycling bins provides park visitors the ability to keep recyclables out of landfills. Containers will look uniform and are well labeled for plastic, aluminum, and paper products. Recycling is provided for park users not as a drop off for household products.

In addition, the Park District has partnered with Batteries Plus to provide drop off containers for used household and cell phone batteries. These containers are available at the Park District Headquarters and four park shelters: Activity Center, Yankee, and Oak Grove Park's CUSA and Optimist shelters. Larger batteries can be dropped off at any Batteries Plus location.

The Centerville-Washington Park District was established by residents in 1959 and currently operates seven community parks, seven nature parks, and 33 neighborhood parks in Centerville and Washington Township. For more information on this or other projects of the Centerville-Washington Park District, please call (937) 433-5155 or check the website, www.cwpd.org.
