Commissioners' Corner

I have thoroughly enjoyed serving on the Board of Park Commissioners for the past nine years. As outgoing commissioner, there are many accomplishments on which to reflect. It has been a unique privilege to work with Park District staff, volunteers and leaders throughout the community to deliver stellar park experiences to the residents of Centerville and Washington Township.

Looking back over my three terms as commissioner, your Park District has created countless opportunities for active and passive recreation via programs, services and amenities. A few of my favorites include:

- Grew from 48 to 51 parks
- Brought nearly \$4 million in outside funding to our community
- Creation and current implementation of master plans for **Bill Yeck** and **Grant Parks**
- Opened flush restrooms at **Oak Grove Park**
- Added 19-acre tract to **Pleasant Hill Park**
- Collaborated with Washington Township to make **Hithergreen Park** a reality
- Created self-guided programming for busy schedules, including the 51 Parks Challenge and Pop-Up Park Challenges
- New program partnerships with local entities and businesses
- Four new community park playgrounds and countless neighborhood park playground improvements
- Added 10 miles of paved multi-use paths
- Added 100+ acres of pollinator habitat to the district
- Added six dedicated pickleball courts

The past two years have shown just how essential parks are to our quality of life. Your parks received record numbers of visitors to experience nature, stay healthy and create positive memories during uncertain times. I am proud that Park District staff and volunteers provide year-round opportunities to be active by way of clean parks, innovative programs and superior amenities like playgrounds and athletic fields.

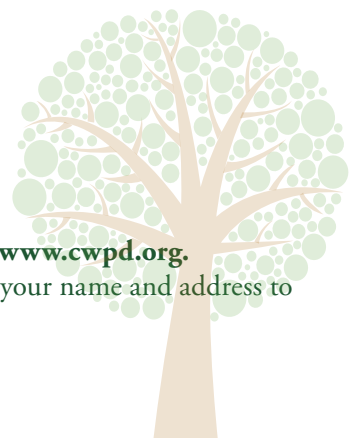

Spring is a season of renewal with warmer temperatures and longer days. There are nearly 200 program offerings on the following pages to get you and your loved ones out in the parks. Summer camps are also on the horizon, and staff are excited to be offering new day camp opportunities. Hundreds of youth lacrosse, baseball and soccer players will fill the parks as their seasons get underway, as well. The community is so fortunate to have the best home fields around!

I am thankful for the opportunity to have served you these past nine years. It has been an honor to listen and respond to the residents with projects and initiatives that continue to make our community a wonderful place to live. I look forward to seeing you in the parks!

Dan Monahan
Park Board President

Summer Employment Opportunities

We are now accepting applications for part-time, seasonal employment.

Seasonal **program staff** can work at nature day camps, at Recreation Day Camp or as summer naturalists. All program staff must be enthusiastic about working with children, enjoy the outdoors and be willing to make an 11-week commitment beginning the last week of May. Program staff must be 16 years

or older. Positions for applicants under age 18 are limited.

Seasonal **operations staff** assist with the day-to-day maintenance of 51 parks. Work includes mowing, trimming, painting, athletic field preparation, nature trail improvement, park clean-up, vehicle/equipment maintenance and building maintenance. Hours may include weekends and evenings. Second shift openings are available. Operations staff must be 18 or older and insurable to drive Park District vehicles.

All seasonal employees must pass a background screening. Visit www.cwpd.org/careers/ for the most up-to-date information on employment opportunities.

Summer Camp Volunteers

Volunteer opportunities are available for ages 14 and up at all CWPD summer camps! Volunteering allows for a flexible schedule and is a great way to earn service hours, gain experience and learn job skills.

If you or your child are interested in volunteering at one of our summer camps this year, sign up for a volunteer interview on <https://cwpd.recdesk.com/Community/Program/>! Once you sign up, you will receive an email to sign up for an interview with Community Engagement Coordinator Ginger Clark. Volunteers must be screened

and complete required training to become a camp volunteer. Volunteers can sign up for between one and nine weeks of camp depending on timing and availability. Volunteers who complete three weeks of volunteering at camps will receive a leadership certificate and CWPD swag!

Interviews will begin on April 11 and continue on a rolling basis.

Reserve the Kennard Nature Nook

Grant Park's Kennard Nature Nook is available to rent on weekends beginning March 1. This woodland-themed building with beautiful park views is a great location for baby showers, meetings, birthday parties, picnics and any get together with family and friends. Building capacity is 40 people. You will have access to the wood deck around the building. Please check www.cwpd.org/parks/grant/kennard-nature-nook/ for prices and additional information. The Kennard Nature Nook is located at 6588 McEwen Rd.

Become a Park Commissioner!

In June, the Park Board will seat a new commissioner! Commissioner Dan Monahan will step down having completed his three, three-year terms.

Serving on the Centerville-Washington Park District Board of Commissioners is a rewarding way to contribute to the quality of life in Centerville and Washington Township!

Here are some basics to consider:

- Commissioners serve without compensation;
- Commissioners must be a resident of Centerville or Washington Township and a U.S. citizen;
- There are three commissioners on the Board;
- Terms are for three years and service is limited to three terms (nine years);
- Commissioners apply to and are selected by the Montgomery County Court of Common Pleas;
- Commissioners attend monthly board meetings, generally held the second Monday of the month, and any special meetings or work sessions as needed;
- Commissioners attend grand openings, community-wide events and select programs throughout the year;
- Commissioners are an advocate and ambassador for the Park District, assisting in public relations, outreach, levy campaigns and fundraising;
- Commissioners represent the mission and vision of the Park District.

JUMP ON THE SUMMER CAMP FAST TRACK!

In an effort to improve your camp registration experience, we have created a way for you to fill out the required camp forms PRIOR to the first day of camp registration. This will make your camp registration go faster, and decrease the chance that your child will be placed on a camp waiting list. We will remind you when camp is open for registration!

STEP 1: Register your child for “2022 Forms Fast Track”

STEP 2: At checkout, complete the required Medical History Form and Authorized Pick-Up Form as instructed.

By registering for this fast track “program”, you will bypass the forms step during the camp checkout process!

Please note, this does NOT register your child for any camps. It simply serves as a way to expedite your camp registration by completing the required forms ahead of time. Additionally, Park District staff will be able to send you updates and reminders leading up to camp registration by using the list of those who have completed the forms.

If you do not take this step, you can complete the Medical History and Authorized Pick-Up forms during regular camp registration. However, the registration system will not hold the camps/programs in your “cart” or hold your child’s spot until all forms have been completed and payment is received.

Unlike physical injuries, signs of depression or anxiety are not apparent on an X-ray or MRI. However, too often these mental health concerns are overlooked in the name of grit. A representative from Dayton Children's behavioral health team will present this lecture and provide tools on how to pick up on mental health challenges as a coach, peer or parent. Bring a yoga mat or towel to participate. (AS)

Recovery Workouts & Why They Are Important

Sunday, April 10

Registration deadline: Friday, April 8

A great way to recover from intense workouts is to plan a way to relieve soreness and regain the energy in your muscles. This will give your body a chance to rebuild any damaged tissues and prepare the muscles for future workouts. Without recovery, in active or passive form, you can over train, which may result in decreased performance and an increased risk for injury. A Dayton Children's athletic trainer will lead this class. Please bring a towel and any recovery tools that you may use, for example, a TheraBand, stretch strap, jump rope, etc. (AS)
